2018-19 School Accountability Report Card Published During the 2019-20 School Year

School Description

The School for Integrated Academics and Technologies (SIATech) is a network of charter high school campuses in California focused on helping students get back in school and back on-track to graduation. The mission of SIATech is to provide a premier high school dropout recovery program engaging students through relationship-focused, high-tech, and rigorous learning experiences resulting in "Real Learning for Real Life." The school was founded in 2004 and operates in partnership with Department of Labor's Job Corps program and Workforce Innovation and Opportunity Act (WIOA) locations. SIATech school sites are in the following areas: El Centro, Indio, Inland Empire, Long Beach, Los Angeles, Moreno Valley, North County (Oceanside), Perris, Sacramento, San Diego, San Jose, and South Bay (Chula Vista).

Students at SIATech are offered "Real Learning for Real Life," with an opportunity to complete their high school education in a motivational, academically challenging environment. Standards-based academic learning is integrated in real-world, high-tech applications as the program focuses on literacy, numeracy, technology, and workplace readiness skills. Academic knowledge integrated into state-of-the-art technologies and real-world software applications are used within a professional, work-like setting to prepare students for success in the workforce and/or further academic training. The goal is to improve learning opportunities for the severely at-risk students enabling them to both earn a high school diploma and succeed in entering vocational careers, military service, and post secondary education.

SIATech schools offer a curriculum that includes UC approved a-g courses available to all students. UC utilizes "a-g" subject requirements to ensure

that students have attained a body of general knowledge that will provide breadth and perspective to new, more advanced study. SIATech students graduate ready for college and career.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <u>https://www.cde.ca.gov/ta/ac/sa/</u>.
- For more information about the LCFF or LCAP, see the CDE LCFF web
 page at <u>https://www.cde.ca.gov/fg/aa/lc/</u>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
 School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

SIATech provides a customized curriculum adapted for dropout recovery called ConTech curriculum. It is adapted by each instructor to meet the needs of each individual student. Through the Schoology learning management system and teacher materials, SIATech students are able to access the needed coursework identified as part of their Individual Learning Plan. Students are able to access the curriculum from within the SIATech classrooms or from any Internet-enabled computer or tablet at any time of day.

LEA does not adopt one specific textbook

School Facility Conditions and Planned Improvements (Most Recent Year)

SIATech facilities and classrooms are located within six of the Job Corps Centers throughout California. The centers are each maintained by the contracting center operator. SIATech's many independent study high school locations have classrooms in facilities adjacent or within WIOA career centers. The facilities are kept in good or better condition. SIATech classrooms are equipped with office-like furniture for the students which include high-quality office chairs, desks, and ergonomic workstations complete with computer, keyboard, mouse, and other student supplies.

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: March 2017

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	20	19	49	49	50	50
Math	2	0	33	36	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

SIATech students range in age from 16-24 and many students are adults. However, SIATech creates several opportunities for parental involvement for parents of students under age 18.

Parents are an important part of SIATech and may serve on the Board of Directors, site-based committees or as volunteers within each school site.

SIATech believes that the work and values of school should be extended into the home. As a result, the school makes various efforts to make parent partners in their children's education. These efforts include:

- Promoting parent responsibilities and involvement;
- Recognizing the importance of the community's historic, ethnic, linguistic, and/or cultural resources in generating interest in family involvement;
- Scheduling programs and activities in a flexible manner to reach a diverse group of families.

SIATech schools reach out to parents through written and telephone correspondence, as well as its websites, e-newsletters, and social media.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

SIATech's comprehensive safety plan is reviewed and updated each year, and shared with the staff. Regular drills for a variety of emergencies are included in the plan, and drills are conducted with students and staff. Emergency evacuation routes and directions are posted in each classroom.

Professional Development provided for T	eachers	
	Measure	2017-18
Number of school days dedicated to Staff De	velopment and Continuous Improvement	2.5

SIATech's professional development program focuses on:

- Building capacity for systemic improvement of teaching and learning;
- Developing the instructional competencies essential to a standards-based curriculum;
- Creating a shared vision of a collegial learning community;
- Unity building for faculty;
- Methods of teaching and learning in an integrated curriculum;
- Recognizing different learning styles and planning lessons that incorporate them;
- Competencies, standards, and skills in the curriculum; and
- Assessment: How to design and use assessment methods to determine if a skill has been learning, a standard has been met, and/or a competency has been mastered.

SIATech schedules multiple staff workshops, seminars, interest group sessions, and individual sessions as appropriate for the topic, the school, and the faculty, throughout the year. In addition to professional development, staff is provided with in-service trainings which focus on introduction to the rules, procedures, and policies of SIATech, as well as applicable district, state, and federal rules and regulations that school site personnel need to be aware of.

Types of Services Funded

The School for Integrated Academics and Technologies (SIATech) is a public charter high school focused on dropout recovery. The school serves 16-24 year old students who often have dropped out of school in the past and have chosen to re-commit to their high school education. SIATech provides premier, accredited dropout recovery program, with both classroom and independent study sites; engaging students through relationship focused, high-tech, and rigorous learning experiences. Online tutoring and instruction is available and career pathways are being developed to assist students so that they will graduate college and career ready.

Career Technical Education Programs

SIATech's partnerships with Job Corps and WIOA Agencies provide remarkable opportunities for integrating content areas with career technical learning. Teamwork and good communication with CTE instructors provides a setting for a flexible and responsive learning environment that provides the addressing of objective deemed necessary for success in the workplace. The expectation is for all students to learn the knowledge, skills, and attitudes necessary to be successful in today's technology-based economy. The Career Success Standards measures performance in the following areas: Workplace, Relationship and Ethics, Communications, Personal Growth and Development, Interpersonal Skills, Information Management, Multicultural Awareness, Career and Personal Planning, and Independent Living.

Elements of the curriculum are immersed in industry-standard technology, such as AutoCAD, a tool to learn and use math skills in classrooms that is also extensively used in constructions trades. Additional software tools, like Microsoft Office and Adobe Macromedia, provide students with skills that are necessary for success in higher education and can be applied in various professional fields. Career training opportunities for students range from culinary arts to telecommunications, business technology to carpentry, and landscaping.

SIATech has developed pathways in Healthcare, Information technology, Advanced Manufacturing, Advanced Transportation and Agriculture. These pathways were developed with funds from a California Career Pathways Trust grant and Career Technical Innovations grant. The schools' career pathways enable students to focus on coursework that will prepare them for jobs after graduation.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <u>https://dq.cde.ca.gov/dataquest/</u> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
